Chair Borgstrom, Supervisor Akkerman, and Clerk Headley met at 2:00 p.m. on January 3, 2014 for the planned special meeting. With no other board member in attendance, the meeting could not be held. However, the board members in attendance, Mike Lahr, and two engineers from Widseth, Smith, and Nolting proceeded to review Pineview Boulevard for design suggestions and issues. WSN would like the board to do a 22' road surface due the traffic on the road.
