NOTICE OF AREA ROAD IMPROVEMENT PROJECTS

The Morrison County Board of Commissioners has authorized the Department of Public Works to move forward with the 2024 Transportation Improvement Plan. The roads below are included in this year's plan and are scheduled for pavement improvements during the upcoming construction season.

CSAH 1 (Dove Road) from 1.3 Miles East of CR 203 to Pillager
CSAH 3 (320th Street) from TH 10 to CSAH 1
CR 204 (Copper Rd/Cottonwood Rd/60th Ave) from CSAH 1 to CSAH 3
CR 205 (260th Street/70th Ave/265th Street) from CSAH 5 to CSAH 1
CR 206 (70th Ave/250th Street/) from CR 205 to CSAH 1
CR 206 (Emerald Road) from CSAH 1 east to cul-de-sac
CR 285 (East Cottonwood Road) from CSAH 5 to CR 204

Knife River was the low bidder for this work and has been awarded the contract. The work will be performed between May and July with the anticipated start date in early to mid-May pending weather conditions and road restrictions.

The pavement improvements will include new bituminous pavement, shouldering and pavement markings. To complete this work, the Contractor will be working on the pavement surface and along the edge of the pavement. Existing sprinkler heads or other private items in the right of way near the pavement may be impacted by the construction. Private items within the public right of way are not the liability of the County or the Contractor performing the work, it is the property owners responsibility to locate them, remove them, or repair them if they are damaged. Please make appropriate accommodations if this may affect you.

These projects may be an inconvenience for short periods of time and may briefly leave the roads in an unfavorable condition. However, once they are completed, all the users will have an improved and safer roadway. Please feel free to share this notice with anyone that this construction may affect.

If you have any questions related to the projects, please contact the Morrison County Engineering Department at 320-632-0121.

Thank you in advance for your patience and cooperation.
